

Australian Government
Civil Aviation Safety Authority

Instrument number CASA OAR 057/13

I, PETER BEILBY CROMARTY, Executive Manager, Airspace and Aerodrome Regulation Division, a delegate of CASA, make this instrument under subsection 5 (2) of CASA OAR 056/13, the *Determination of airspace and controlled aerodromes etc* (the *Determination*).

[Signed P. B. Cromarty]

Peter Cromarty
Executive Manager
Airspace and Aerodrome Regulation Division

29th May 2013

Authorisation of AIP or NOTAM

1 Commencement

This instrument commences on 30 May 2103.

2 Definitions

In this instrument, words and phrases have the same meaning as in the Determination.

3 Application

This instrument applies only for the purposes of section 5 of the Determination.

4 Authorisation of AIP and NOTAM

- (1) This authorisation applies for a volume of airspace that is classified under Schedule 3, 4, 5, 6, 7, 8 or 9 of the Determination as being of a class (*initial classification*) for hours of activity as specified by the AIP or a NOTAM.
- (2) For the volume of airspace, I authorise the AIP or a NOTAM that specifies the hours of activity for the initial classification.
Note A later specification may modify an earlier specification and is also authorised by subsection 5 (2).
- (3) If the air traffic control service for a volume of airspace is suspended or ceases to function, I authorise a NOTAM that specifies the suspension or cessation.
Note Classified airspace becomes Class G airspace when, in accordance with the AIP or a NOTAM authorised by the delegate, air traffic control services are not available.
- (4) The authorisation of the AIP or a NOTAM mentioned in subsection (2) ceases to have effect if the authorisation is revoked in writing by me.

Note If authorisation of the AIP or a NOTAM is revoked, authorised providers of air traffic control services will be notified and the revocation published by NOTAM.
