ADVISORY CIRCULAR  
AC 147-02 v8.4

# Approved Part 147 training organisations

File ref: D24/308328

December 2024

OFFICIAL

Advisory circulars are intended to provide advice and guidance to illustrate a means, but not necessarily the only means, of complying with the Regulations, or to explain certain regulatory requirements by providing informative, interpretative and explanatory material.

**Advisory circulars should always be read in conjunction with the relevant regulations.**

## Audience

This advisory circular (AC) applies to:

- licensed aircraft maintenance engineers (LAMEs) and others involved in aircraft maintenance
- Part 147 of the Civil Aviation Safety Regulation 1998 (CASR) - maintenance training organisations (MTOs)
- Part 145 of CASR approved maintenance organisations (AMOs)
- regulation 30 of the Civil Aviation Regulation 1988 (CAR) certificate of approval holders for aircraft maintenance.

## Purpose

This AC provides Part 147 guidance material listing the MTOs approved to carry out aircraft maintenance training theory and practical. Part 1 contains the list of MTOs approved for category and subcategory training. Part 2 contains the list of MTOs approved for aircraft type training.

## For further information

For further information on this AC, contact Civil Aviation Safety Authority's (CASA's) Maintenance Personnel Licensing Services Team (MPLST) (telephone 131 757).

Unless specified otherwise, all subregulations, regulations, Divisions, Subparts and Parts referenced in this AC are references to the *Civil Aviation Safety Regulations 1998 (CASR)*.

# Status

This version of the AC is approved by the National Manager, Client Services Centre.

**Note:** Changes made in the current version are annotated with change bars.

## 1.1 Acronyms

The acronyms and abbreviations used in this AC are listed in the table below.

**Table 2. Acronyms**

Acronym	Description
AC	advisory circular
AMEL	aircraft maintenance engineer licence
CAANZ	Civil Aviation Authority of New Zealand
CAAS	Civil Aviation Authority of Singapore
CAASL	Civil Aviation Authority of Sri Lanka
CAR	Civil Aviation Regulations 1988
CASA	Civil Aviation Safety Authority
CASR	Civil Aviation Safety Regulations 1998
DCA	Department of Civil Aviation Malaysia
EASA	European Aviation Safety Agency
FAA	Federal Aviation Administration (United States of America)
IAA	Irish Aviation Authority
LRU	line replaceable unit
MTO	maintenance training organisation
MTOE	maintenance training organisation exposition
OJT	on-the-job training
PCT	practical consolidation training
RPL	recognition of prior learning
TAFE	Technical and Further Education
TC	Transport Canada
UAE GCAA	United Arab Emirates General Civil Aviation Authority
UK CAA	United Kingdom Civil Aviation Authority

**Notes:**

1. No RPL procedure described in exposition. RPL use is not approved for this organisation.
2. These Course Codes are NOT STAND-ALONE OJT. They provide the 25% of OJT requirement when coupled with the relevant POC Code for 1st rating outcomes. The sequence of reporting dates for POC and OJT need not be concurrent.

Learjet 60 (PWC PW305)	30/05/2023	Industry paced	B1.1 Practical	ATS170P

**Notes:**

1. RPL procedure described in exposition. RPL of approved type courses is approved.
2. Prerequisite for this course is a B2 Saab (SF) 340 (GE CT7) rating with an E8 exclusion or a course credit for a Saab Electrical and instrument type course.
3. These courses have been previously approved under CAR 30 and are classified as legacy courses. Further training maybe required for a licence rating outcome.
4. These Course Codes are NOT STAND-ALONE OJT. They provide the 25% of OJT requirement when coupled with the relevant POC Code for 1st rating outcomes. The sequence of reporting dates for POC and OJT need not be concurrent.

**Notes:**

1. No RPL procedure described in approved exposition for type training. RPL use is not approved for type training courses.

2. These courses have been previously approved under CAR 30 and are classified as legacy courses.
3. These Course Codes are NOT STAND-ALONE OJT. They provide the 25% of OJT requirement when coupled with the relevant POC Code for 1st rating outcomes. The sequence of reporting dates for POC and OJT need not be concurrent.

**Notes:**

1. No RPL procedure described in exposition. RPL use is not approved for this organisation.
2. Prerequisite for this course is to hold a Beech 300 (PWC PT6) B1.1 rating with no exclusions.
3. For a CASA B2 rating outcome a corresponding B1.1 credit will also be required. This applies to all B2 theory and practical type courses.

**Notes:**

1. No RPL procedure described in exposition. RPL use is not approved for this organisation.
2. B2 (Add-On) - T2 (Theory Only) and or (Practical only) (To obtain B2 recognition, the Flight Safety International B1 - T1 (Theory Only) and or (Practical only) course must be completed).
3. These courses are approved for engine core theory and practical only; Engine interface theory and practical training may be required prior to rating issue.
4. Hours depicted are for a combined Maintenance initial and avionic add-on course.

**Notes:**

1. No RPL procedure described in exposition. RPL use is not approved for this organisation.
2. These Course Codes are NOT STANDALONE OJT. They provide the 25% of OJT requirement when coupled to the relevant POC or 100% OJT code for 1st rating outcomes. The sequence of reporting dates for POC & OJT need not be concurrent.
3. Engine exclusion removal from Agusta AB139/ AW139 (PWC PT6) Type Rating only.
4. The B1.3/B2 courses only provide mechanical, structural, electrical, avionic and Line Replaceable Unit (LRU) training outcomes (includes all engine interfaces where applicable); attendees need to complete an approved engine course to obtain the full B1.3 rating without engine restrictions.

Airbus A319/A320/A321 (IAE PW1100G)	09/10/2024	6 days	B1/B2 Practical (Note 5)	QF210P

**Notes:**

1. Type training Recognition of Prior Learning against Qantas approved training courses is approved for this organisation.
2. These Course Codes are NOT STAND-ALONE OJT. They provide the 25% of OJT requirement when coupled with the relevant POC Code for 1st rating outcomes. The sequence of reporting dates for POC and OJT need not be concurrent.
3. These courses are a B1 & B2 combined courses which deliver different training outcomes.
4. This course is a differences course for B1's that already hold another B747-400 rating or for those that have the rating with E3 exclusion.
5. This course outcome must be combined with QF209T for a practical credit.

## 3.26 Queensland Aerospace College

**Notes:**

1. Type training Recognition of Prior Learning against QAC approved training courses is approved for this organisation.
2. QAS104T course provides the Delta training for a CAR 31 ERJ 170 & ERJ190 Airframe/Engine licence holder to an unrestricted B1.1 ERJ 170 & ERJ190 rating.
3. QAS108T course provides the delta training for a CAR 31 Boeing 737- 600/700/800/900 (CFM56) Airframe/Engine licence holder to an unrestricted B1.1 Boeing 737- 600/700/800/900 (CFM56) rating.

4. These courses have been previously approved under CAR 30 and are classified as legacy courses. Further training maybe required for a licence rating outcome.
5. When QAS235P/QAS236P or QAS237P/QAS238P or QAS239P/QAS240P) POC Courses are run concurrently the duration is 93 Hours.
6. These Course Codes are NOT STAND-ALONE OJT. They provide the 25% of OJT requirement when coupled to the relevant POC Code for 1st rating outcomes. The sequence of reporting dates for POC & OJT need not be concurrent.

Course Name (Aircraft Rating)	Approval Date	Duration	Credit	Course Code
to Airbus A318/A319/A320/A321 (CFM56) Differences				

**Notes:**

1. No RPL procedure described in exposition. RPL use is not approved for this organisation.
2. SIA 15T & SIA 16T when combined meet the theory requirements for the E1, E4, E5 exclusion removal.

**Notes:**

1. No RPL procedure described in exposition. RPL use is not approved for this organisation.
2. These Course Codes are NOT STAND-ALONE OJT. They provide the 25% of OJT requirement when coupled to the relevant POC Code for 1st rating outcomes. The sequence of reporting dates for POC & OJT need not be concurrent.
