

## Supplemental Type Certificate

**Number:** ASA052ML

**This certificate issued to:** Haydn Harvey Prior  
3 Beach Road, Newport  
NSW 2106

**certifies that the change in the type design for the following product with the limitations and conditions as specified herein meets the airworthiness requirements of FAR 23 Incl. Amdts 23-1 to 23-23.**

<b>Original Product.-</b>	Type or Type Acceptance Certificate Number:	A152
	Referenced TC Number (if applicable):	1A13
	Make: Lake (Conaero / Revo)	
	Model: LA-4-200	

**Description of Type Design Change:** This modification will allow installation of a steel spar cap doubler which replaces the inboard section of the existing aluminium spar cap doubler in the area of the wing spar root attachment, in accordance with Gisborne Aeronautics Pty. Ltd. Engineering Release GA-LA4-ER-9004, Issue 4 or later CASA approved revision.

**Limitations and Conditions:** This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those previously approved modifications will produce no adverse effect upon the airworthiness of that aircraft,

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission,

This certificate and the supporting data which is the basis for approval shall remain in effect until suspended, cancelled or a termination date is otherwise established by the Civil Aviation Safety Authority.

**Date of application:** 28 January 2002  
**Date of issuance:** 05 March 2002

**Date of reissue:** 19 July 2011

**This certificate is issued pursuant to Part 21.113A of the Civil Aviation Regulations 1998.**

David Villiers  
Delegate of the Authority

This certificate may be transferred in accordance with CASR (1998) 21.047
