Supplemental Type Certificate

Number: ASA129SY

This certificate issued to: Western Machinery Pty Ltd
30 Lockerbie Road
Thornleigh NSW Australia 2120

certifies that the change in the type design for the following product with the limitations and conditions as specified herein meets the applicable airworthiness requirements.

Original Product: Type Certificated Aircraft nominated on
Eligibility Schedule Number ASA129SY

Description of Type Design Change: Installation of MT series P-4()-(), P-8()-() and P9()-()-()
Propeller Governors in accordance with the current MT Manuals E-699, E-1046 and E-1048 as
applicable to the relevant Propeller Governor.

Limitations and Conditions: This approval should not be extended to other aircraft in which other
previously approved modifications are incorporated unless it is determined by the installer that the
interrelationship between this change and any of those previously approved modifications will produce
no adverse effect upon the airworthiness of the aircraft. For new aircraft installation/s not nominated on
Eligibility Schedule Number ASA129SY, the STC holder must supervise the installation and advise the
Civil Aviation Safety Authority.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall
give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until
suspended, cancelled or a termination date is otherwise established by the Civil Aviation Safety Authority.

Date of application: 20th April 2004
Date of issuance: 17th October 2005

Date reissued:
Date amended:

This certificate is issued pursuant to Part 21.113A of the Civil Aviation Safety Regulations

Ian Kearsley
Delegate of the Civil Aviation Safety Authority

This certificate may be transferred in accordance with CASR 21.047.
