## Supplemental Type Certificate

**Number:** SVL501

**This certificate issued to:** ABF Equipment Hire Pty Ltd  
438 Somerville Road  
Tottenham, Victoria, 3012

*certifies that the change in the type design for the following products with the limitations and conditions specified hereon meets the certification basis of the respective Australian Type Certificate Data Sheets.*

### Original Product Details:

Make and Model	Australian TCDS Reference
Kavanagh E-300 Hot Air Balloon	VL507

**Description of Type Design Change:** Incorporate a Thunder and Colt (Cameron) triple burner, Part No. B3T-700, into a Kavanagh E-300 model hot air balloon in accordance with ABF Installation Instructions, SDE Document No. Bal/2009/01 Rev 0 (or later approved revision)

### Limitations and Conditions:

This approval should not be incorporated where other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those previously approved modifications will produce no adverse effect upon the airworthiness of the balloon.

This approval is limited to balloon Serial No. E300-393 only. Additional serial numbers can be considered upon application to CASA.

This certificate and the supporting data which is the basis for approval shall remain in effect until suspended, cancelled or a termination date is otherwise established by the Civil Aviation Safety Authority.

**Date of application:** 24 December 2008

**Date of issuance:** 29 January 2009

**This certificate is issued pursuant to Part 21.113A of the Civil Aviation Safety Regulations.**
