TYPE ACCEPTANCE CERTIFICATE

Number: A161

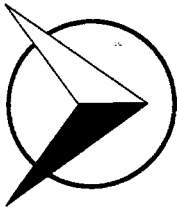

Pursuant to Regulation 21.29A of the Civil Aviation Regulations 1998 this certifies acceptance of the Panstwowe Zaklady Lotnicze (PZL, Warszawa-Okecie) model PZL-KOLIBER 150A aeroplane.

Aircraft of the type and models covered by this certificate are eligible for Australian certificates of airworthiness in the normal and utility categories.

This certificate is valid until suspended or cancelled by the Civil Aviation Safety Authority. The basis of certification is as prescribed in Type Certificate Data Sheet No. A69EU issued by the Federal Aviation Administration of the USA; and in Type Certificate Data Sheet No. A161 issued by this Authority.

TYPE ACCEPTANCE CERTIFICATE DATA SHEET

This data sheet is part of Type Acceptance Certificate No. A161 which is issued under regulation 21.29A of the Civil Aviation Regulations 1998.

Australian Special Conditions:
(CAR (1998) 21.29B (1))

To be eligible for issue of an Australian Standard Certificate of Airworthiness, individual aircraft of the type and model shown covered by this Type Acceptance Certificate must have been issued with a Certificate of Airworthiness for Export endorsed by a representative of the General Inspectorate of Civil Aviation (GICA) containing the following statement: "The aircraft covered by this Certificate has been examined, tested and found to conform to the type design approved under Type Certificate No. A69EU and is in condition for safe operation".

Any conditions or restrictions placed on this aircraft by the FAA will automatically apply to Australian registered aircraft.
