TYPE ACCEPTANCE CERTIFICATE

Number: A175

Pursuant to Regulation 21.29A of the Civil Aviation Regulations 1998 this certifies acceptance of the LET model L-420 aeroplane.

Aircraft of the type and model covered by this certificate are eligible for Australian certificates of airworthiness in the commuter category.

This certificate is valid until suspended or cancelled by the Civil Aviation Safety Authority. The basis of certification is as prescribed in Type Certificate Data Sheet No. A42CE issued by the Federal Aviation Administration of the USA and Type Acceptance Certificate Data Sheet No. A175 issued by this Authority.

TYPE ACCEPTANCE CERTIFICATE DATA SHEET

This data sheet is part of type certificate No. A175 which is issued under regulation 21.29A of the Civil Aviation Regulations 1998. It lists the conditions and limitations under which aircraft of the type for which the type acceptance certificate was issued meet the airworthiness requirements of the Civil Aviation Safety Authority.

Conditions and limitations:

A standard certificate of airworthiness may be issued on the basis of an Export Certificate of Airworthiness for export, or certifying document, approved by an authorised representative of the Czech Republic Civil Aviation Authority containing the following statement: "The aircraft covered by this Certificate has been examined, tested and found to conform to the type design approved under Type Certificate No. A42CE and is in condition for safe operation".
