## TYPE ACCEPTANCE CERTIFICATE

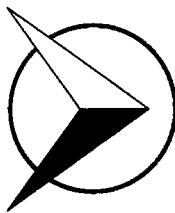

Number: A192

Pursuant to Regulation 21.29A of the Civil Aviation Regulations 1998 this certifies acceptance of the Cessna model 441 aeroplane.

Aircraft of the type and model covered by this certificate are eligible for Australian certificates of airworthiness in the normal category.

This certificate is valid until suspended or cancelled by the Civil Aviation Safety Authority. The basis of certification is as prescribed in Type Certificate Data Sheet No. A28CE issued by the Federal Aviation Administration of the USA and Type Acceptance Certificate Data Sheet No. A192 issued by this Authority.

## TYPE ACCEPTANCE CERTIFICATE DATA SHEET

This data sheet is part of Type Acceptance Certificate No. A192 which is issued under regulation 21.29A of the Civil Aviation Regulations 1998.

### Airworthiness certification category:

An example of the aircraft type and model shown on this data sheet is eligible for a standard certificate of airworthiness in the normal category if it complies with the certification basis shown on Type Certificate data Sheet No. A28CE issued by the Federal Aviation Administration of the USA, and other applicable requirements.

In addition, the aircraft type and model shown on this data sheet has been shown to comply with the requirements of section 101.4 of Civil Aviation Orders. An example of this model is eligible for a certificate of airworthiness in the transport category if it complies with the requirements of section 101.4 of Civil Aviation Orders and other applicable requirements.
