## TYPE ACCEPTANCE CERTIFICATE DATA SHEET

This Data Sheet is part of Type Acceptance Certificate (TAC) No. A265, which is issued under regulation 21.29A of the Civil Aviation Regulations 1998. It lists any conditions and/or limitations under which the TAC was issued to meet the requirements of CASA.

### **Certification Basis:**

The basis of certification is as prescribed in Type Certificate Data Sheet No A.043 issued by the European Aviation Safety Agency (EASA)

### **Certificate of Airworthiness Category:**

An aircraft of the type and model covered by this certificate is eligible for an Australian standard certificate of airworthiness in the normal category.

### **Conditions and/or Limitations:**

1. All aircraft must comply with the conditions and limitations for the applicable model as shown on Type Certificate Data Sheet No.A.043. Issued by (EASA)
- 2 All aircraft must be operated and maintained in accordance with TCDS A.043 issued by EASA, Placards and markings, and the current approved document set for the applicable serial number range specified by the current Type Certificate holder.

Note: Type Acceptance certificate A265 will become invalid if Type Certificate A.043 is cancelled.
