TYPE CERTIFICATE DATA SHEET

Manufacturer: Costruzioni Aeronautiche Giovanni Agusta S.p.a.
Cascina Costa (Gallarate)
Italy

This data sheet is part of type certificate No. VR504 which is issued under regulation 21.029 of the Civil Aviation Regulations 1998. It lists the conditions and limitations under which aircraft of the type for which the type certificate was issued meet the airworthiness requirements of the Civil Aviation Safety Authority.

Airworthiness type certification basis:

The Agusta Bell model 206B was accepted in Australia prior to 1 October 1998 in recognition of its identicality with the Bell Helicopter Textron model of the same designation. The latter has been shown to comply with Part 6 of the USA Civil Air Regulations effective December 20, 1956 including Amendments 6-1, 6-2, 6-3 and 6-4, CAR 6.307(b) and 6.637 of Amendment 6-5 and Special Conditions dated October 2 1962, as revised February 8, 1966.

Examples of the aircraft type and models shown on this data sheet are eligible for certificates of airworthiness in the normal category.

Conditions and limitations:

- 1. Except for serial numbers, all helicopters must comply with the conditions and limitations for the applicable model as shown on FAA Type Certificate Data Sheet No.H2SW.
- 2. Type Certificate VR504 is limited to the following Serial Numbers 8011, 8012, 8016, 8025, 8051, 8072, 8080, 8170 & 8560

Note: Any additional Serial Numbers for this type and model will be processed under CASR 21.029A

END
