

WHAT'S YOUR COMMITMENT TO SAFETY?

Safety is everyone's responsibility – including yours. The best workplace is where safe and professional practices are the 'norm' at all levels.

Check you:

- are open to learning new skills and ways of working
- encourage open communication and collaboration in your team
- know and follow safety policies and procedures
- lead by example
- say something when you see a safety issue!

Subscribe to our Maintenance Matters newsletter for all the latest safety tips and news.
