(OPS.25) Air display approval

Applicant name	Applicant ARN	EAP case number	File reference
----------------	---------------	-----------------	----------------

Instructions

1. Use this worksheet for the assessment of an air display approval.
2. All sections should be completed. Use 'N/A' to indicate an element that is not part of the air display application.
3. Unless otherwise stated, the legislation reference refers to the *Civil Aviation Safety Regulation 1998* (CASR).
4. The assessment column is used to record evidence that supports an assessment of *present* and *suitable* for the operation. Select a response from the drop down list. There are three available responses: **Yes** / **No** / **N/A** (not applicable). Yes indicates that both present and suitable have been satisfied and the element is compliant with the rule.
5. For guidance on specific aspects of each question, refer to the respective section in the principle document as identified in the principle reference column.
6. The assessment summary must be completed by the assigned inspector. By selecting satisfied or not satisfied, the inspector is taken to have signed the worksheet.
7. Where required, the approval data sheet must be completed by the assigned inspector. Regservices will use this information to prepare approvals for the delegate.
