

Part F – Details of Main and Ancillary Base(s) of Operations and Facilities - Completion of this Part is mandatory for all applications.

F1 Describe the main base of operations you have identified in A1.5

Size (square metres)		Is it a fixed building (not portable)?	Yes <input type="checkbox"/> No <input type="checkbox"/>
----------------------	--	--	--

List all facilities and equipment available in your main base of operations:

F2 Ancillary Bases
An ancillary base is a location separate from the main base of operations at which an operator conducts operations on a permanent or semi-permanent basis. It will normally have some permanent facilities and/or aircraft and personnel. You must identify in this section, the facilities you have or propose to have at your ancillary bases of operation.

In addition to the main base of operations you mentioned in A1.5, do you propose to have ancillary bases where operations will be conducted?

Yes > Complete details below No End of Part F

Complete address (1)	Phone (2)	Fax (3)	Indicate if the facility is for <u>flying operations</u> and/or <u>maintenance</u> functions (4)	Describe the facility (E.g. size of the area, whether the building is fixed or portable etc.) (5)	Describe the purpose/function of the facility (E.g. pilot briefing room, operations planning room, passenger handling, flying training etc.) (6)	Describe the equipment available in the facility (E.g. communication equipment, training facilities etc.) (7)

Use additional sheets if necessary.

This completes Part F of the application.
