

ABOUT THIS APPLICATION FORM

Form 1307 is the form approved by CASA for the issue of navigation authorisations instrument, which encompasses Performance Based Navigation (PBN) and Reduced Vertical Separation Minima (RVSM).

This form is to be completed only by operators of Australian registered aircraft i.e. not for foreign registered aircraft.

Foreign aircraft operators should contact CASA, International Operations at international_ops@casa.gov.au

This application is made up of five parts:

Part A	Details of the Applicant
Part B	Self-Assessment Checklist
Part C	Authorisation Details
Part D	Submission Checklist
Part E	Applicant(s) Declaration

Accuracy of information provided

All information will be used to assess if the applicant is entitled to a Navigation Authorisation. An incomplete, poorly prepared or inaccurate application may:

- Result in rejection of the application
- Result in delays
- Add to the cost of the application
- Result a refusal to issue the Navigation Authorisation

Please remember it is an offence to make a false declaration in this form.

If you are filling in the form by hand, print neatly with a black or blue ballpoint pen. Some questions contain check boxes. Please mark **X** where appropriate. This information is used in the calculation of a cost estimate for the assessment of your application. Questions marked with an asterisk (*) are mandatory and must be completed.

Privacy & Your Personal Information

The information you provide in this application will be used to assess the suitability of the applicant to be issued with a navigation authorisation (PBN and RVSM). CASA is bound by the Privacy Act to safeguard personal information within the terms of the Act. For full details on how CASA collects, protects and uses personal information, please refer to [CASA's Privacy Policy](#)

Application Process

The completion of this application form is the first step in the application process. On receipt of a completed application form, CASA will calculate and send you an estimate of the cost to process your application and any additional information you must submit.

Note: If your application only lists specifications that are deemed to be approved and you only operate domestically (i.e. not International Operations) then it is not necessary for the navigation specifications instrument to be issued.

Should you wish to proceed, you will need to pay the estimate and send any requested documents to the Permissions Issue Team.

CASA may refuse to consider an application or to consider it further while there are requirements that the applicant has not complied with.

If at any time you would like assistance with any aspect of this form, please contact the Permissions Issue Team on 136 773.

Submitting your application

After reviewing your application, CASA will advise you if any additional information is required to be submitted.

Submit the completed application and proof of ID, to the CASA Permissions Issue Team by email at regservices@casa.gov.au

GUIDELINES FOR COMPLETING THIS APPLICATION FORM

Part A – Details of the Applicant

A4: Use of an Agent

You may by law appoint an agent to complete and sign the application on your behalf and to negotiate with CASA in relation to all matters necessary to complete the AOC application.

If you wish to authorise an agent to act on your behalf, CASA requires that the agent be appointed under a Power of Attorney. The Power of Attorney must be executed and signed by all applicants or, in the case of a company, by a Director of that company.

CASA will not recognise any other method for the appointment of an agent for the purposes of signing application forms. CASA may deal with the nominated agent in ALL matters relating to your application. This means that you will be taken to have received any communication about your application sent to the agent as if it was sent to you personally. CASA will consider the authority of the agent to have ceased once the approval has been issued.

Part B – Self Assessment to determine if Deeming Provisions are applicable to the application

Complete the checklist in Part B to determine whether navigation authorisations with deeming provisions are required to appear on the issued navigation specification instrument.

Subsections 9, 10 and 11 of CAO 20.91 provide that the operators of certain Australian aircraft are deemed to be approved for navigation in accordance with the following PBN navigation specifications provided the aircraft meet the equipment, flight crew, and other requirements of those subsections.

Authorisation	Relevant Legislation	Reference
RNAV 5	CAO 20.91 Appendix 1	Refer CAO 20.91 sections 9, 10 and 11: http://www.comlaw.gov.au/Details/F2014L01703
RNAV 1 & 2	CAO 20.91 Appendix 2	
RNP 2	CAO 20.91 Appendix 3	
RNP 1	CAO 20.91 Appendix 4	
RNP APCH	CAO 20.91 Appendix 6	

If your application only lists navigation authorisations that are deemed to be approved and you only operate domestically (i.e. not International operations) then it is not necessary for a navigation specifications instrument to be issued. However, whilst CASA does not issue such authorisations, the navigation specification instrument signifies the aircraft is, or may be, deemed to hold those authorisations. In some cases, a foreign National Aviation Authority (NAA) may require the holding of navigation authorisations.

For further information on deeming provisions contact Communications, Navigation Surveillance (CNS) Team:
CNSAdvisory@casa.gov.au

Part C – Authorisation and Aircraft Details

Provide details of the aircraft you are seeking navigation authorisations for.

Part C is separated between navigation authorisations that are deemed to be approved and navigation specifications that require assessment and authorisation by CASA. It is the applicant’s responsibility to apply only for navigation authorisations that they have an operational requirement for and can demonstrate compliance with all the relevant airworthiness, continued airworthiness and flight operations requirements.

The following table outlines the navigation specifications that require assessment by CASA:

Authorisation	Relevant Legislation	Reference

NAT HLA MNPS	CASA Instrument 27/16	https://www.legislation.gov.au/Details/F2016L00475

* The RNP 0.3 navigation authorisation is for helicopters

** A-RNP is a navigation specification that is predominantly used in the USA; it is not widely used elsewhere. A-RNP is currently not covered by an ICAO flight planning code.

Additional information is available at www.casa.gov.au/cns

If you have any questions regarding this application or require further information on Navigation Authorisations, please contact the Permissions Issue Team on **136 773** or by email at regservices@casa.gov.au

You do not need to print and submit these guidelines with your application form.

Part B – Self-Assessment to determine if Deeming Provisions are applicable to the application

B1 Does this application only apply to Australian registered aircraft that only operate within Australia i.e. no international operations?

- Yes This application only applies to Australian registered aircraft that only operate inside Australia.
If your application **only** lists specifications that are deemed to be approved because you meet the relevant requirements in CAO 20.91, and you **only** operate domestically, then it is not necessary for the navigation specifications instrument to be issued.
- I wish to proceed with the process of obtaining the navigation authorisation instrument, where it signifies the aircraft is deemed to hold those authorisations. **Continue to B2.**
- I do not require deeming provisions to appear on the navigation authorisation instrument. **Continue to Part C – Authorisation and Aircraft Details.**
- No The application includes Australian registered aircraft that operate inside **and** outside Australia. Continue to B2.

B2 Does this application apply to aircraft deemed to be approved under CAO 20.91 for navigation in accordance with any of the following?

NAVIGATION AUTHORISATION	DEEMING PROVISIONS	GUIDANCE MATERIAL
RNAV 5	Refer CAO 20.91 sections 9, 10 and 11: http://www.comlaw.gov.au/Details/F2014L01703	CAO 20.91 Appendix 1
RNAV 1 & 2		CAO 20.91 Appendix 2
RNP 2		CAO 20.91 Appendix 3
RNP 1		CAO 20.91 Appendix 4
RNP APCH		CAO 20.91 Appendix 6

- Yes Continue to B3.
- No Continue to Part C – Authorisation and Aircraft Details

B3 I have completed a self-assessment and am deemed approved according to CAO 20.91?

- Yes Continue to Part C – Authorisation and Aircraft Details.
You may be required to indicate navigation authorisations on this form if, for international operations, the relevant National Aviation Authority (NAA) requires the deeming provision navigation authorisations to appear on your Operations Specification / Navigation Authorisation.
For further information contact Communications, Navigation Surveillance (CNS) Team:
CNSAdvisory@casa.gov.au
- No An assessment is required to be completed by CASA.

Part E –Applicant’s Declaration

I am the Applicant named in Part A2

I am the agent appointed under a Power of Attorney named in Part A3

DECLARATION

1. I declare that the information provided on this form is true and correct.

Giving false or misleading information is an offence under the regulations

2. I understand that the information provided in this application will allow CASA to calculate an estimate for service for processing this application.

3. I understand and agree that the cost estimate may change, and processing the application may be delayed if:

- The application does not accurately and completely identify my/our requirements; or
- The details in this application are subsequently changed; or
- Adequate supporting documentation has not been provided.

4. I understand and agree that for CASA to proceed with this application, I must:

- Accept the cost estimate; and
- Forward the prescribed payment; and
- Forward all supporting documentation to the Permissions Issue Team.

5. If I am signing this application as an agent, I declare that I have obtained the necessary Power of Attorney authorising me to sign on behalf of the applicants.

6. I give permission for CASA to send material relating to this application by email Yes No

Note: I am aware of, and accept, the risk that information sent via email may be intercepted and read during transmission, not delivered or modified. (If you do not accept, material will be sent by post)
