About this application form and the application process

Application Process

Below is a summary of the formal FRMS application process.

Note: *If you haven't attended a pre-application meeting, it is strongly recommended that you organise one with your CASA Regional Office by completing [Form 824A](#) and submitting the same to the [Permission Application Centre \(PAC\)-Brisbane](#).*

1. To obtain CASA FRMS approval, you must complete this Form and submit the same with the required supporting documentation to the [Permission Application Centre \(PAC\)-Brisbane](#).
2. On receipt of your application, PAC will provide you an estimate of costs and, if applicable, a list of documents further required. Once payment and the required supporting documents are received, the assessment is commenced. More information on the estimate process is provided below.
3. In summary, the entire FRMS assessment process consists of the following:
 - **Assessment for the issue of a trial FRMS implementation approval**
If the result of CASA's assessment is satisfactory, you will be issued an approval which will allow you to operate according to the processes and procedures prescribed in your proposed FRMS, within the trial period indicated in the approval.
 - **Assessment for the issue of a full FRMS implementation approval**
CASA will monitor and review the conduct of your trial FRMS and the implementation of the required processes, and will assess these against the criteria outlined in Appendix 7 to [CAO 48.1](#) and the [FRMS Handbook](#) to determine whether your proposed FRMS addresses the requirements and is satisfactory.
More detailed information on the application process is available in [FRMS Handbook](#) and the [FRMS Process Manual](#) which can be accessed at www.casa.gov.au/fatigue.
4. Issue of the full FRMS implementation approval. Provided you've satisfactorily met the requirements, CASA will issue your full FRMS implementation approval.

Estimate of Costs

CASA is required by law to charge for the hours spent assessing your application.

A CASA estimate is calculated in good faith, on the basis that an applicant has reasonable knowledge of the Act, CARs, CASRs and CAOs applicable to the nature of the approval that is requested and that the applicant will provide a reasonable standard of documentation necessary to support the application.

The estimate of costs will outline the payment we require¹ before we can start the assessment of your application.

¹ Item 24.7 in Schedule 1 of the Civil Aviation (Fees) Regulations 1995

Before your application can be processed, you must:

- Pay the initial payment in accordance with the estimate, and
- Submit all supporting documents listed in the Estimate Letter sent to you.

Note: *The assessment cost is highly dependent on the nature of your proposed operation and the quality of your submission. At any time during the assessment of your application, CASA may provide you an updated estimate of costs to cover additional time that may be required to assess your proposed FRMS.*

Estimate valid for 30 days

The estimate is valid for 30 days from the date the estimate is sent. If we have not received your payment and any supporting documents required within 30 days, your job may be closed and your application returned to you.

Where payment of the estimate is made outside the 30-day limit, CASA will review the estimate to ensure its continued validity.

Assessment completion timeframes

The assessment timeframes and the proposed certificate issue date are dependent on the:

- Payment of the estimate
- Quality of your documentation
- Availability of your personnel during the assessment
- Availability of CASA resources.

More details on the assessment process can be found on www.casa.gov.au/fatigue.
