I, ANDREW MELVIN SPARROW, Office of Airspace Regulation Manager, Air Navigation, Airspace and Aerodromes Branch, a delegate of CASA, make this instrument under subsection 5 (2) of CASA OAR 072/17, the Determination of airspace and controlled aerodromes etc (the Determination).

[Signed A. Sparrow]
Andrew Sparrow
Office of Airspace Regulation Manager
Air Navigation, Airspace and Aerodromes Branch

10 October 2017

Authorisation of AIP or NOTAM

1  Commencement
This instrument commences on 9 November 2017.

2  Definitions
In this instrument, words and phrases have the same meaning as in the Determination.

3  Application
This instrument applies only for the purposes of section 5 of the Determination.

4  Authorisation of AIP and NOTAM
(1)  This authorisation applies for a volume of airspace that is classified under Schedule 3, 4, 5, 6, 7, 8 or 9 of the Determination as being of a class (initial classification) for hours of activity as specified by the AIP or a NOTAM.

(2)  For the volume of airspace, I authorise the AIP or a NOTAM that specifies the hours of activity for the initial classification.

   Note  A later specification may modify an earlier specification and is also authorised by subsection 5 (2).

(3)  If the air traffic control service for a volume of airspace is suspended or ceases to function, I authorise a NOTAM that specifies the suspension or cessation.

   Note  Classified airspace becomes Class G airspace when, in accordance with the AIP or a NOTAM authorised by the delegate, air traffic control services are not available.

(4)  The authorisation of the AIP or a NOTAM mentioned in subsection (2) ceases to have effect if the authorisation is repealed in writing by me.

   Note  If authorisation of the AIP or a NOTAM is repealed, authorised providers of air traffic control services will be notified and the repeal published by NOTAM.
