

IMPORTANT DRONE SAFETY INFORMATION

You must not fly your drone higher than 120 metres (400ft) above the ground.

You must keep your drone at least 30 metres away from other people.

You must keep at least 5.5km away from controlled aerodromes.

You must only fly one drone at a time.

You must not fly over or above people or in a populous area. This could include beaches, parks, events, or sport ovals where there is a game in progress.

You must only fly during the day and keep your drone within visual line-of-sight. This means always being able to see the drone with your own eyes (rather than through a device).

You must not fly your drone over or near an area affecting public safety or where emergency operations are underway. This could include situations such as a car crash, police operations, a fire or firefighting efforts, and search and rescue.

It is illegal to fly for money or economic reward unless you have a drone operators' certificate, or you are flying an excluded drone in the sub-2kg or private landholder category.

Remember, you must not operate your drone in a way that creates a hazard to another aircraft, person or property.

Respect personal privacy. Don't record or photograph people without their consent — this may breach state laws.

New rules coming into effect mean drone operators must have a valid drone pilot accreditation certificate and register any drone weighing more than 250 grams. To find out more, visit casa.gov.au/drone
