

Under subpart 101.I of the Civil Aviation Safety Regulations 1998 it is a requirement to notify CASA of certain firework displays which may be in the vicinity of an aerodrome or aircraft flight path or using certain projectiles. CASA may impose conditions on the operation of a firework display. As each State/Territory and Council has their own guidelines for firework displays, it is recommended you also contact these governing bodies to obtain further information on their requirements. Before obtaining approval from CASA, the operator must obtain an Aviation Reference Number (ARN): <https://www.casa.gov.au/standard-page/arn-applications>.

Operator's details (person/organisation conducting the display)

Name				ARN	
Postal address					
Telephone number			Mobile number		
Email address					
Signature					
Printed name			Date of notification		
Preferred contact method
