FLYING YOUR DRONE FOR FUN?

KNOW THE RULES—FLY SAFE

Congratulations on your purchase

We hope you have fun flying! But before you take off, there are a few things you need to remember for everyone's safety.

IMPORTANT SAFETY INFORMATION

You will soon be required to register any drone that weighs over 250g and do a short quiz to test your knowledge of the drone safety rules.

To find out more visit casa.gov.au/drone

You must only fly during the day and keep your drone **within visual line-of-sight**.

This means being able to see the aircraft with your own eyes (rather than through a device) at all times.

You must **not fly your drone higher than 120 metres (400ft)** above the ground.

You must keep your drone at least **30 metres away from other people**.

You must not fly your drone **over or near an area affecting public safety or where emergency operations are underway** (without prior approval).

This could include situations such as a car crash, police operations, a fire and associated firefighting efforts, and search and rescue.

You must only fly **one drone at a time**.

You must **not fly over or above people**. This could include beaches, parks, events, or sport ovals where there is a game in progress.

If your drone weighs more than 100g, you must keep **at least 5.5km away from controlled aerodromes**.

Flying **within 5.5km of a non-controlled aerodrome or helicopter landing site (HLS) is possible**, but only if no manned aircraft are operating to or from the aerodrome.

If you become aware of manned aircraft operating to or from the aerodrome/HLS, you must manoeuvre away from the aircraft and land as soon as safely possible.

It is **illegal to fly for money or economic reward** unless you have a drone operators certificate, or you are flying an excluded drone in the sub-2kg or private landholder category.

Respect personal privacy

Don't record or photograph people without their consent —this may breach state laws.

Remember, you must not **operate your drone in a way that creates a hazard** to another aircraft, person or property.
