Thanks, Craig.

At the simplest level, the answers to the Senator's questions are straightforward – and a fair amount of the information is publicly available. We are prepared to answer them in whatever forum they arise (with the exception of anonymous rumour sites and some tendentious bloggers).

Let us know if you need any background briefing on the Senator's issues.

FYI.

We are opposing this motion however Sen Xenophon will no doubt pursue in Estimates (or in the media).
